NOTES:

Wardrobe Assist-Many of the session work you have seen includes clothes provided by us for the shoot as hunted down and collected by Rachel. Samples are brought during the consultation and can be provided during the shoot, but do not feel obligated to wear them, our feelings won't be hurt.

Makeup/Hair Service-In all cases, the makeup and hair services are for 1 client per session. Additional can be purchased when needed (see Half Shot rates). All makeup/hair services are conducted at Rachel's salon unless on-site is readily available and/or is needed due to session location and time.

Makeup/Hair Touch-ups-With the Single, Double, and Triple Shot packages, Rachel, or another talented artist, will be on hand during the session to provide hair and makeup touch-ups when needed. We also do our best to change the makeup/hair styles during the session when time allows.

USB Drive & Case-In the case of individual image purchase, the image will be provided via Digital Download. Custom USB drive and case available when purchasing entire gallery or standard with Double and Triple Shot packages. Session Magazine-Includes all photos from the session(s) unless indicated by client. In the case of Double and Triple Shot packages, each session creates a magazine (2 or 3 depending on package). Additional copies may be purchased at anytime for or by friends or family. Photo Book-Includes all photos from the session(s) unless indicated by client. Optional upgrades to Metal, Fabric, or Leather books available upon request.
